Actual Vote Mobile App Instructions

Rev 20210101.1852

About

Actual Vote is a community supported initiative of Democracy Counts to enable volunteers to make recordings of polling place results for later comparison with official results.

Using the App

1. Launch the Actual Vote Mobile app.
2. Tap the video camera to start a recording
3. Sign in with a Google account, if prompted.
4. Enter the details from the poll tape as best you can, then tap Record Poll Tape.
5. Allow the app to use audio, video, and location services, if prompted.
6. Focus at the top of the poll tape and tap the record button to begin.
7. Record from the top of the poll tape to the bottom, pausing over the top and each contest.
8. Check your recording to make sure is legible before submitting. Retake if you have doubt it can be read.
9. Tap Check (Android) or Use Video (iOS) to submit your video.
10. The upload is complete when you see a thumbnail image to on the left and trash can on the right.
11. An alert icon on the right indicates a problem with the upload. Check your connectivity then tap the icon to view the error and try again.
12. See uploaded recordings at <https://av.democracymobile.org>. Login using the same Google account used in the app.

Important

- Make sure the text is clearly identifiable in the recording.
- Record one poll tape per submission, even if poll tapes appear attached or side by side.

Tips

Practice!

- Practice several times using the poll tape included at left.

Review!

- Play back your recording and retake if not legible.

Go Slow and Pause on Each Contest

- Move slowly and pause a few seconds on each contest.

Stay Parallel

- Keep your camera parallel to the polling tape. This can be quite a challenge if the tape reaches the ground. Do the best you can!

Avoid Glare

- If glare is bad, use shade, indirect light source and/ or record at an angle.

Be Prepared

- Bring a friend, flashlight, step stool and painter's tape.

Duplicates are OK!

- Record all the poll tapes you find even if you suspect someone may already have done so.
- Think your first try wasn't good enough? Go ahead and retake it.

Record Them All!

- Poll tapes are often posted near the main entrance, but sometimes taped behind windows.
- There may be more than one.
- Look around for any poll tapes that may have fallen or been blown away by wind.
- If you can't find them, ask around.

Help Support the Actual Vote Initiative

By simply using and sharing your experiences with the Actual Vote app, you are helping to make our democracy more secure and transparent. Please let your family, friends, and social media contacts know what you are doing. They may want to participate as well!

Your direct support of any size for this initiative will also be gratefully appreciated. Please see <https://democracycounts.org/donate/>, thanks!
